Udipi,
Dated 29th December 1954

To

The Hon'ble Minister of Health,
Government of Madras,
MADRAS.

Humble request of
Sukumaram
Door No.10-2-89 of Central Ward,
S.No.118/26A,
Udipi. (South Kanara District)

1427

Hon'ble Sir,

My native place is Tellicherry. As my uncle late Mr. Kannan^{ARI} was working in the house of late Khan Bahadur Haji Abdulla Haji Kasim Sahib since 1912 I had to come here in 1918 leaving my native place. Unfortunately my said uncle passed away in 1930. After that I was maintaining my family with my tailoring work.

To my ill luck I fell ill since 1950. In January 1950 I got myself examined at the Venlock Hospital, Mangalore where they prescribed some medicine for me. Accordingly I took the medicine and improved to some extent. But again in August 1953 my illness relapsed and I went to the Govt. Hospital for treatment. After a few days' treatment they told me that it is very difficult to cure my disease here. So in October 1953 I went to Calicut to get myself treated at the Govt. T.B.Clinic there, but failed to get a seat. As they told me to register my name I did so and returned. In March 1954 my illness grew serious. So I went to Venlock Hospital, Mangalore and got myself examined. They gave me in writing that it is T.B.Advanced. After that I returned to Udipi. Now I am under the treatment of Dr.B.B.Shetty who suggested me that it is better if I get a seat in the Govt. Sanitorium. Accordingly I tried my best to secure a seat but could not succeed. So at this critical stage I look forward for help by my guardian, the Government and humbly request you to grant me a seat in the Govt. Sanitorium.

There are 6 members in my family including 4 young children. There is nothing else to support them. I have got one plot of 21 cents with a house and a cow shed which is of my own. I have

Yours faithfully,

29-12-'54

(Sukumaran)
